ACTION PLAN AND ACTION TAKEN REPORT

Vision-2020

Vison 2020 (Plan for Last Five Years)	Fulfilments/ Improvement of Vision 2020
Conversion of the college	The college, which had been functioning as an oriental college was converted to a regular Arts and Science college in the year 2018.
Upgradation of the departments as research centers	The department of Arabic was upgraded as a research center in 2019. Nine research scholars are pursuing their doctoral studies under two guides in the research center.
Promotion of research and the publication of a research journal	Promotion of research and the publication of a research journal were on top of the college's strategic plan. College launched the first volume of its research journal, ***KTlyst*** in November 2018.
Obtaining NAAC Accreditation	Works in Progress.
Ramp-up of academic infrastructure.	As part of the rain water harvesting program an enormous tank was built with the dimensions 12.90*6.60 (85.14 sqmtr) in the campus. The tank has the capacity to store 1,70,000 ltr of water.
Introduction of new gen programs	Applied in 2019 but rejected due to non-accreditation of NAAC.
Plastic Free Campus	Plastic ban was enforced in the campus in a phased manner. KTM College was declared as a plastic free campus on 2018.
Class room and library digitization	All ten class rooms are ICT enabled along with three seminar halls.
Solar Energy	Fulfilling the objective of alternative energy tapping, solar panels were set up in the campus in 2019.
Quality improvement of faculties	As envisaged in vision 2020, many faculties have already registered for their PhD programs and a few of them have already been awarded their doctoral degree.
Arrangement of facilities for skill acquisition and development	With the recognition of college as an ASAP center in 2018 and students are able to acquire and develop new skills.
Green Campus	As part of increasing the green swath of the campus a horticulture orchard was set in the campus with varieties of fruit yielding plants. The college also maintains an herbal garden. The college *Bhoomithrasena* is in charge of maintaining both.
