Action Taken Report
Students' Feedback 2023-24

Following a thorough evaluation of student feedback regarding academic performance and the overall environment of the institution for the academic year 2023-24, the Internal Quality Assurance Cell (IQAC) of the college has delineated strategic initiatives to be executed in the forthcoming academic years.

- In response to the expressed need for greater support for extracurricular initiatives, the college will launch and promote a variety of student clubs and activities. A well-structured framework will be established to encourage student involvement, thereby promoting comprehensive personal development.
- In light of student feedback regarding access to resources, the college will enhance library and laboratory facilities. This will involve extending operational hours, optimizing resource management, and creating an environment conducive to academic research and study.
- Understanding the significance of effective communication, the institution will allocate resources towards advanced technology and platforms to improve communication processes. Regular updates, announcements, and information sharing will be conducted through multiple channels to promote transparency and active engagement.
- To further elevate the overall campus atmosphere, the institution will embark on beautification projects, maintenance initiatives, and cleanliness campaigns. Collaboration with students will be prioritized to cultivate a visually appealing and dynamic campus environment.

The Internal Quality Assurance Cell (IQAC) is committed to continuous improvement based on student input, ensuring a more enriching and supportive academic experience for the college community in the years ahead.

Action Taken Report
Teachers' Feedback 2023-24

The Internal Quality Assurance Cell (IQAC) has developed a detailed Action Taken Report (ATR) in response to the insightful analysis of teacher's feedback regarding academic performance and the overall environment at the College for the academic year 2023-24, aimed at improving various aspects of the educational experience in the forthcoming academic years.

- As to the positive feedback on the overall academic quality and curriculum transactions, the IQAC intends to undertake collaborative initiatives to integrate innovative teaching strategies and interdisciplinary methods to address the diverse learning requirements of students, thereby ensuring a solid academic foundation.
- In light of the satisfaction ratings regarding facilities, the IQAC will focus on ongoing enhancements to infrastructure which will include cutting-edge teaching tools, advanced technological resources that provide an optimal learning atmosphere.
- As the positive feedbacks on existing professional development initiatives, the IQAC plans to broaden and tailor programs designed to improve teaching skills and methodologies. This approach will enable faculty members to remain informed about the latest pedagogical trends, promoting a culture of continuous improvement and academic excellence.
- The favorable feedback regarding student-teacher interactions and extracurricular involvement, encourages the IQAC to cultivate an even more vibrant learning environment. There will be a strong focus on establishing platforms that promote greater student engagement in extracurricular activities, ensuring a comprehensive educational experience.

The IQAC aspires with these strategic measures to enhance the academic quality and overall environment of the College which guarantees continues to progress, offers a rich educational experience for both faculty and students in the forthcoming academic years.

Action Taken Report
Alumni Feedback 2023-24

Based on the comprehensive analysis of alumni feedback regarding academic performance and the institutional environment for the academic year 2023-24, the Internal Quality Assurance Cell (IQAC) at KTM College of Advanced Studies has developed a strategic action plan aimed at identifying areas for improvement and enhancing the overall educational experience for future cohorts. Acknowledging the good satisfaction levels reported in various dimensions of academic performance, the institution is committed to sustaining and further elevating the quality of instruction. This commitment includes the implementation of ongoing faculty development initiatives designed to refresh teaching methodologies and ensure they are in line with contemporary educational standards.

- The College intends to carry out regular assessments and updates, integrating industry-relevant competencies and opportunities for experiential learning to improve the curriculum's effectiveness in equipping students for their professional pursuits or advanced studies.
- In terms of support for faculty and staff, there will be a concerted effort to bolster mentorship programs and student support services, thereby providing tailored guidance to help students achieve their academic objectives.
- The College also plans to expand and modernize facilities, including libraries and laboratories, to accommodate the increasing demands of the student body and foster an optimal learning atmosphere.
- In response to feedback initiatives aimed at further enhancing physical infrastructure and improving recreational spaces will be pursued.
- Moreover, the College is dedicated to broadening and enriching extracurricular activities and events to meet the diverse interests of students supporting holistic development.

In summary, the action plan devised by the IQAC seeks to leverage the strengths identified in the feedback while proactively addressing areas for improvement, ensuring that the College continues to offer a supportive and enriching educational environment for its students.

Action Taken Report
Employers' Feedback 2023-24

In response to employer's Feedback, the Internal Quality Assurance Cell (IQAC) will work in conjunction with academic departments to assess learning atmosphere and infrastructure and make the students capable to meet industry benchmarks and emerging trends. These initiatives are designed to address to the Employer's feedback, promote ongoing enhancement, and improve the overall educational experience for students at the institution.

The main initiatives are: -

- The College will prioritize the enhancement and upkeep of campus infrastructure to create an optimal learning atmosphere.
- Key efforts will be directed towards improving and upgrading facilities for internships, and ensuring sufficient support for campus recruitment activities.
- The College will also strengthen the collaborations with industry partners to promote internships, job placements, and curriculum design, thereby ensuring a closer alignment between academic offerings and industry requirements.
- The College will facilitate workshops and training programs for faculty members aimed at refining teaching strategies and communication abilities, thereby equipping them to better prepare students for their future professional endeavors.

These will involve the incorporation of practical applications, the enhancement of communication competencies, and the promotion of critical thinking skills.
