Action Taken Report: Students' Feedback on Syllabus and Its Transactions, 2021-2022

In response to the students' feedback on the syllabus and its transactions, the College conducted a thorough analysis to identify areas of improvement and take appropriate actions. This action taken report outlines the measures taken to address the concerns raised by the students and ensure an enhanced learning experience. The following actions were shaped based on the feedback received from the students.

- Timely Release of Course Materials: Efforts were made to ensure that course materials, such as textbooks, lecture notes, and reading materials, were made available to the students well in advance. This allowed students to adequately prepare for their classes and assignments.
- New reference materials were added into the library collection.
- Updated the contents in LMS
